Environmental Credentials

Steelite International work closely with a number of suppliers and organisations, and are continually monitoring, developing and improving procedures to create minimum impact on the community and environment, while ensuing maximum efficiency and cost savings for the future sustainability of the business.

Steelite International is a member of The Green Organisation that rewards and promotes environmental best practice around the world, and the Staffordshire Business & Environmental Network, which aims to help local businesses reduce environmental impacts while also generating profits.

We have a dedicated and innovative approach to caring for the environment. In 2019 Steelite were awarded an engineering gold Green Apple Award for the implementation of a waste water centrifuge system.

Our new centrifuge system works by spinning waste material out of waste water at very high speed, the water is separated from waste glaze and then reclaimed saving around 20 cubic metres of water per day. This has dramatically improved the quality of waste water that does leave site. A part from significantly reducing water, it saves glaze and lowers energy usage on site too.

In 2007, the business became one of only five companies in the UK to install a Lamella system. Steelite is the only tableware manufacturer to use a Lamella system for recycling clay waste.

In addition to clay recycling, fewer chemicals are now required to separate waste. This has a positive effect on the environment and water discharged from the site is also purer.

The Lamella has significantly reduced Steelite International's impact on the environment. The company now recycles in excess of 99% of manufacturing waste. In 2010 we received a Green Apple Award for the Lamella project.

TESTIMONIALS

ASMA KHAN FOUNDER • Darjeeling Express, London UK • First British chef to be featured on Netflix's Chefs Table • Author of "Asma's Indian Kitchen: Home-cooked food brought to you by Darjeeling Express"

Darjeeling Express started as a dinner for 12 guests at home, serving Indian food lovingly cooked from family recipes that go back generations. "I wanted the plates to be a frame for my food - the brown dappled edge was exactly what I wanted and Steelite kindly made a range bespoke for me - and added the logo too. One of our starter dishes - the chilli garlic prawns is heavily instagrammed - the bespoke Steelite plate the perfect background! So happy I spent time and resources on my tableware - every time I walk into my restaurant and see the tables set up for service my heart smiles - I am still so in love with the plates one year since we opened."

SIMON HULSTONE CHEF PROPRIETOR • The Elephant, Torquay UK

The restaurant offers a delicious à la carte menu and set menus featuring fish, meat and vegetables all sourced locally from the surrounding area. Diners looking for something extra special can select the Michelin starred tasting menu. All dishes served at The Elephant change regularly depending on the locally grown and reared ingredients that are best. Many of these are sourced from their dedicated farm. "Steelite have once again come up with on trend and versatile new ranges, I'm drawn to the rustic colours of Vesuvius and Revolution which fit so perfectly in so many dining environments and can be mixed and matched to really make our culinary creations shine. My food has found a perfect partner and tableware has never been so pleasing on the eye".

"Lanes of London is very proud to be associated with and use Steelite products which are manufactured in the UK. When you have a beautifully designed plate, presenting a dish becomes a lot easier. I look forward to using Steelite for years to come."

**MARCO SACCO EXECUTIVE CHEF PATRON • Piccolo Lago, Verbania, Italy**

Piccolo Lago is situated on enchanting Lake Mergozzo in Verbania with its warm and welcoming atmosphere. Relax and enjoy the twist Marco Sacco puts on traditional cuisine, a cuisine awarded with two Michelin stars. "The great shapes of Steelite plates give chef's inspiration. With a wide range of products to choose from, we find lots of inspiration to enhance our creations."

TESTIMONIALS

**GENI PERRAMÓN CHEF • The Tavern of the Gourmet, Alicante Spain**

The Tavern of the Gourmet is a space where innovation is at the heart of service. Organic and traditional flavours, succulent tapas and montaditos, and salted cheese are prepared in a lively bar using the highest quality ingredients. The Tavern of the Gourmet is an example of the basic pillars of good cuisine: the best products, nice, comfortable space and professionalism. A gastronomic space that you must stop and visit. "Steelite is synonymous with bringing elegance to our tables. Excellent durability and service from the factory, also a lifetime edge chip warranty gives us peace of mind."

**MARÍA JOSÉ SAN ROMÁN CHEF • The Monastrell Restaurant, Alicante Spain**

The Monastrell restaurant is a gastronomic point of reference. Recognised in the City for their use of local ingredients and Michelin star Chef María José San Román, this restaurant has become popular for the preparation of dishes with ingredients such as high quality extra virgin olive oil, saffron and the best raw materials. TESTIMONIALS

**FERNANDO SALAZAR SENIOR VICE PRESIDENT OF FOOD & BEVERAGE, INTERSTATE HOTELS & RESORTS
• Hilton Miami, Table 55, Miami, FL**

I have used Steelite for many years and in various countries where I have worked in the past, and I have always liked the fact that Steelite has a plate for every concept - from casual to fine dining. The great variety and creativity of their designs, whether it is china, glass or silver, will match any style of cuisine. The plates are durable, whether you use them in a restaurant setting or in banquets. I firmly believe that a chef must engineer menus around the plates and you will take the presentations to the next level!

**JONATHAN BENNO CHEF/OWNER • Leonelli Taberna & Benno, Evelyn Hotel New York, NY**

Opening your own restaurant is both exhilarating and stressful. That's why I am grateful for our custom Leonelli Steelite plates that have a lifetime guarantee - one less factor to worry about. a daring pattern for a dramatic presentation

Koto, one of Steelite International's most unique ranges, was designed in collaboration with world renowned chef, David Kinch. The inspiration was drawn from ancient Japanese Tenmoku Glazes. These beautiful glazes vary subtly in texture and tone from piece to piece, embodying the craft of the traditional potter. The pieces are hand finished with a rich iron red glaze, which interacts in the kiln to produce a warm, organic, lustrous effect. The deep black textured surface allows food to be perfectly framed, adding drama and contrast to your presentation.

NEW STEELITE PERFORMANCE
BEAD™

elegantly embossed edge

Bead styling is crisp, timeless, and elegant. As such, it defines a classic approach to dining, one which embodies best practice for the back of house ease-of-use while delivering beautifully presented dishes to delighted diners. Bead celebrates the aesthetics, beautiful proportions, finesse, and gracefulness of 18th Century detailing inherent in designs crafted initially in fine silver. This provides an excellent frame to the food and elevates Chef's best efforts.

Bead consists of two elements: Bead and Bead Accents. The Bead range features the classic linear design, and is carried across the main range of items. The Bead Accents component offers an alternative decorative style to key presentation items alongside the classic iteration. The Bead Accents decoration provides a contemporary element that adds texture and visual excitement. Both can be mixed freely for a personalised collection.

heightened senses, amplified presentation

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a new collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

INK™

beautifully fractured linear patterns

Crackle patterns have a long and distinguished history going back millennia. Cracking occurs when the glaze does not fit the clay body of the ware correctly, causing it to fracture into beautiful linear patterns, covering the entire surface of the glazed piece. Available in two colourways, Black and Grey, Crackle will add texture and nuance to casual and contemporary food presentations and is aesthetically compatible with both plain white and many of our craft inspired ranges.

CRAFT™

natural inspired warmth

Craft is inspired by hand-crafted, simple country wares made by generations of potters over hundreds of years. The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur naturally in the kiln. The gem-like glazes married to simple forms and shapes produce a unique and individual appearance, giving Craft a rustic "joie de vivre."

The Terramesa range is full of colour and rustic style, and as the name suggests, it has been designed to be both natural and earthy. Whether it's Mexican food with its hot and vibrant colours, Spanish tapas or Asian food, Terramesa offers an exceptional range of shapes and sizes to complement the colours and ingredients present in these types of cuisine. With the growing trend for artisan inspired hand crafted ranges Terramesa gives your tabletop that wow factor. Decorated in four complementary shades and hand-finished with a textured reactive glaze on the edge, Terramesa looks stunning when colours are mixed or used independently.

RENE OZORIO

Take your dining experience to a whole new level with the Memento Collection by Rene Ozorio. With the finesse of traditional English Bone China, it is light in weight with a subtle creamy look that speaks of quality and elegance, while the 47% bone ash assures durability and strength. A collection of simple yet elegant forms that speak of modern day classics, both for Asian and Western cuisine. Memento represents fine dining in modern shapes and is a truly contemporary approach to food presentation.

Rene Ozorio

"Bone China is a medium which expresses all the superlatives in tableware. Super strength and durability while still giving the designer the luxury of beautifully refined shapes and a richness in colour. The weightlessness of the pieces and the refined definition speak of elegance and modernity at the same time."

HONEYBOURNE™

Inspired by the traditional silversmith technique of planishing, the Honeybourne collection makes a tactile and light reflecting statement on the table. Featuring classic proportions of long tines and a traditional heel, the deliberately thin neck exaggerates the wide curves of the subtly textured handle. The feel in the hand is well-considered as the texture fades to smooth at the neck of each piece.

THRILL VORTEX™

A unique machine that not only sanitises in seconds, but keeps drinks cooler for longer without watering down the beverage or altering the flavour and aroma. Ever wondered why cocktails served in the trendiest bars taste so much better? The answer may not lie in the contents of the glass, but within the glass itself. A glass that has been cleaned and sanitised properly enhances the overall taste experience. The invisible residue that remains after washing may taint the taste and odour of drinks, compromising the quality of beverage served.

With THRILL, it takes just a few seconds to thoroughly sanitise and chill a glass, leaving it completely free of any unpleasant odours or aftertaste, giving customers the perfect serve and taste experience.

Stylish and theatrical, THRILL is a must have for upmarket bars and restaurants.
